(Continued Questions)

The opposite of being distracted is being focused. What are some things that you do in your life to help you focus and realize the gift of God for your life?

True or False: Once we receive God's gift there is nothing more to experience or receive from God's salvation.

Describe why you answered the way you did.

Looking Out to Others:

How does the Holy Spirit aid the body of Christ in touching the lives of others?

What are your community events' needs?

On a scale of 1-5 rate how your group is doing. One being not good, and five being excellent.

Looking Ahead:

What does the Bible say about laying hands on others to commission people for the Lord's service?

Looking into Myself (Private):

Do you have assurance of salvation? Do you know that you know that you have received God's gift of salvation? Have you been given this assurance through the Holy Spirit?
